THE CLINICAL LABORATORY IMPROVEMENT AMENDMENTS (CLIA) APPLICATION (FORM CMS-116)

INSTRUCTIONS FOR COMPLETION

CLIA requires every facility that tests human specimens for the purpose of providing information for the diagnosis, prevention or treatment of any disease or impairment of, or the assessment of the health of, a human being to meet certain Federal requirements. If your facility performs tests for these purposes, it is considered, under the law, to be a laboratory. CLIA applies even if only one or a few basic tests are performed, and even if you are not charging for testing. In addition, the CLIA legislation requires financing of all regulatory costs through fees assessed to affected facilities.

The CLIA application (Form CMS-116) collects information about your laboratory's operation which is necessary to determine the fees to be assessed, to establish baseline data and to fulfill the statutory requirements for CLIA. This information will also provide an overview of your facility's laboratory operation. All information submitted should be based on your facility's laboratory operation as of the date of form completion. **NOTE: WAIVED TESTS ARE NOT EXEMPT FROM CLIA. FACILITIES PERFORMING ONLY THOSE TESTS CATEGORIZED AS WAIVED MUST APPLY FOR A CLIA CERTIFICATE OF WAIVER.**

THE GENERAL INFORMATION SECTION AND ALL APPLICABLE SECTIONS MUST BE COMPLETED. INCOMPLETE APPLICATIONS CANNOT BE PROCESSED AND WILL BE RETURNED TO THE FACILITY. PRINT LEGIBLY OR TYPE INFORMATION.

I. GENERAL INFORMATION

For an initial applicant, the CLIA identification number should be left blank. The number will be assigned when the application is processed.
Be specific when indicating the name of your facility, particularly when it is a component of a larger entity; e.g., respiratory therapy department in XYZ Hospital. For a physician's office, this may be the name of the physician. **NOTE: The information provided is what will appear on your certificate.**

Facility street address must be the actual physical location where testing is performed, including floor, suite and/or room, if applicable. **DO NOT USE A POST OFFICE BOX NUMBER OR A MAIL DROP ADDRESS FOR THE NUMBER AND STREET OF THE ADDRESS**. If the laboratory has a separate mailing or billing address, please complete that section of the application.

II. TYPE OF CERTIFICATE REQUESTED

When completing this section, please remember that a facility holding a—

- **Certificate of Waiver** can only perform tests categorized as waived;*
- **Certificate for Provider Performed Microscopy Procedures** (PPMP) can only perform tests categorized as PPMP, or tests categorized as PPMP and waived tests;*
- **Certificate of Compliance** can perform tests categorized as waived, PPMP and moderate and/or high complexity tests provided the applicable CLIA quality standards are met; and
- **Certificate of Accreditation** can perform tests categorized as waived, PPMP and moderate and/or high complexity tests provided the laboratory is currently accredited by an approved accreditation organization.**

*A current list of waived and PPMP tests may be obtained from your State agency. Specific test system categorizations can also be reviewed via the Internet on *www.cdc.gov/phppo/dls/*.

****If you are applying for a Certificate of Accreditation, you must provide evidence of accreditation for your laboratory by an approved accreditation organization for CLIA purposes or evidence of application for such accreditation within 11 months after receipt of your Certificate of Registration.**

III. TYPE OF LABORATORY

Select the type of laboratory designation that is most appropriate for your facility from the list provided. If you cannot find your designation within the list, contact your State agency for assistance.

IV. HOURS OF ROUTINE OPERATION

Provide only the times when actual laboratory testing is performed in your facility.

V. MULTIPLE SITES

You can only qualify for the multiple site provision (more than one site under one certificate) if you meet one of the CLIA regulatory exceptions outlined on the form.

VI. WAIVED TESTING

Include only the estimated annual volume for those tests that are waived.

VII. NON-WAIVED TESTING *(Including PPMP)*

Follow the specific instructions on page 3 of the Form CMS-116 when completing this section. (Note: The Accrediting Organization column should reflect accreditation information for CLIA purposes only; e.g., JCAHO, etc.).

VIII. TYPE OF CONTROL

Select the code which most appropriately describes your facility. Proprietary/for profit entities must choose "04".

IX. DIRECTOR AFFILIATION WITH OTHER LABORATORIES

List all other facilities for which the director is responsible. Note that for a Certificate of PPMP, Certificate of Compliance or Certificate of Accreditation, an individual can only serve as the director for no more than five certificates.

X. INDIVIDUALS INVOLVED IN LABORATORY TESTING

Self explanatory

Once the completed Form CMS-116 has been returned to the applicable State agency and it is processed, a fee remittance coupon will be issued. The fee remittance coupon will indicate your CLIA identification number and the amount due for the certificate, and if applicable the compliance (survey) or validation fee. If you are applying for a Certificate of Compliance or Certificate of Accreditation, you will initially pay for and receive a Registration Certificate. A Registration Certificate permits a facility requesting a Certificate of Compliance to perform testing until an onsite inspection is conducted to determine program compliance; or for a facility applying for a Certificate of Accreditation, until verification of accreditation by an approved accreditation organization is received by CMS.

If you need additional information concerning CLIA, or if you have questions about completion of this form, please contact your State agency.

CLINICAL LABORATORY IMPROVEMENT AMENDMENTS OF 1988 (CLIA) APPLICATION FOR CERTIFICATION

I. GENERAL INFORMATION

❑ Initial Application ❑ Change in Certification Type	CLIA Identification Number _____D_____ *(If an initial application leave blank, a number will be assigned)*
Facility Name	Federal Tax Identification Number Telephone No. *(Include area code)* Fax No. *(Include area code)*
Facility Address — *Physical Location of Laboratory (Building, Floor, Suite if applicable.)*	Mailing/Billing Address *(If different from street address, include attention line and/or Building, Floor, Suite)*
Number, Street *(No P.O. Boxes)*	Number, Street

V. MULTIPLE SITES *(must meet one of the regulatory exceptions to apply for this provision)*

Are you applying for the multiple site exception?

❑ No. If no, go to section VI. ❑ Yes. If yes, provide total number of sites under this certificate_____ and complete remainder of this section.

Indicate which of the following regulatory exceptions applies to your facility's operation.

Is this a not-for-profit or Federal, State or local government laboratory engaged in limited (not more than a combination of 15 moderate complexity or waived tests per certificate) public health testing and filing for a single certificate for multiple sites? ❑ Yes ❑ No

If yes, list name, address and tests performed for each site below.

Is this a hospital with several laboratories located at contiguous buildings on the same campus within the same physical location or street address and under common direction that is filing for a single certificate for these locations? ❑ Yes ❑ No

If yes, list name or department, location within hospital and specialty/subspecialty areas performed at each site below.

If additional space is needed, check here ❑ and attach the additional information using the same format.

VI. WAIVED TESTING

Indicate the estimated **TOTAL ANNUAL TEST** volume for all waived tests performed _____

VII. NONWAIVED TESTING *(Including PPMP testing)*

If you perform testing other than or in addition to waived tests, complete the information below. If applying for one certificate for multiple sites, the total volume should include testing for ALL sites.

Place a check (✓) in the box preceding each specialty/subspecialty in which the laboratory performs testing. Enter the estimated annual test volume for each specialty. Do not include testing not subject to CLIA, waived tests, or tests run for quality control, calculations, quality assurance or proficiency testing when calculating test volume. (For additional guidance on counting test volume, see the information included with the application package.)

If applying for certificate of accreditation, indicate the name of the accreditation organization beside the applicable specialty/subspecialty for which you are accredited for CLIA compliance. (JCAHO, AOA, AABB, CAP, COLA or ASHI)

INSTRUCTIONS FOR COMPLETING DISCLOSURE OF OWNERSHIP AND CONTROL INTEREST STATEMENT (Form -1513)

SPECIAL INSTRUCTIONS FOR CLIA LABORATORIES

All CLIA laboratories must complete Part I through VII(b) of this form. Failure to submit requested information may result in the suspension or revocation of any CLIA certificate or denial of application for prospective laboratories.

General Instructions

For definitions, procedures and requirements, refer to the appropriate Regulations:

CLIA	- 42CFR 493
Title XVIII	- 42CFR 420 200-206
Title XIX	- 42CFR 455 100-106
Title XX	- 45CFR 228 72-73

Please answer all questions as of the current date. If the yes block for any item is checked, list requested additional information under the Remarks Section on page 2, referencing the item number to be continued. If additional space is needed use an attached sheet.

Return the original to the State agency, retain a copy for your files.

This form is to be completed upon request. Any substantial delay in completing the form should be reported to the State survey agency.

DETAILED INSTRUCTIONS

These instructions are designed to clarify certain questions on the form. Instructions are listed in question order for easy reference. No instructions have been given for questions considered self explanatory.

IT IS ESSENTIAL THAT ALL APPLICABLE QUESTIONS BE ANSWERED ACCURATELY AND THAT ALL INFORMATION BE CURRENT.

Item I – Under identifying information specify in what capacity the entity is doing business as (DBA), for example, name of trade or corporation.

Item II – Self-explanatory.

Item III – For CLIA purposes, list the names of all individuals and organizations having direct or indirect ownership interest, or controlling interest in the disclosing entity.

Direct ownership interest is defined as the possession of stock, equity in capital or any interest in the profits of the disclosing entity. A disclosing entity is the entity that is providing laboratory services.

Indirect ownership interest is defined as ownership interest in an entity that has direct or indirect ownership interest in the disclosing entity.

Controlling interest is defined as the operational direction of management of a disclosing entity which may be maintained by any or all of the following devices: the ability or authority, expressed or reserved, to amend or change the corporate identity (i.e., joint venture agreement, unincorporated business status) of the disclosing entity; the ability or authority to nominate or name members of the Board of Directors or Trustees of the disclosing entity, the ability or authority, expressed or reserved, to amend or change the by-laws, constitution, or other operating or management direction of the disclosing entity; the right to control any or all of the assets or other property of the disclosing entity upon the sale or dissolution of that entity; the ability or authority, expressed or reserved, to control the sale or any of all of the assets, to encumber such assets by way of mortgage or other indebtedness to dissolve the entity, or to arrange for the sale or transfer of the disclosing entity to new ownership or control.

Items IV-VII – Changes in Status

Change in status is defined as any change in management control. Examples of such changes would include: a change in Director, a change in the composition of the owning partnership which under applicable State law is not considered a change in ownership, or the hiring or dismissing of any employees with any financial interest in the facility or in an owning corporation, or any change of ownership, or contracting the operation of the facility to a management corporation or changing management corporations.

For Items IV-VII, if the yes box is checked, list additional information requested under Remarks. Clearly identify which item is being continued.

Item IV – (a & b) If there has been a change in ownership within the last year or if you anticipate a change, indicate the date in the appropriate space.

Item V – If the answer is yes, list name of the management firm and employer identification number (EIN) or the name of the leasing organization. A management company is defined as any organization that operates and manages a business on behalf of the owner of that business, with the owner retaining ultimate legal responsibility for operation of the facility.

Item VI – If the answer is yes, provide the date the change was made. Be sure to include name of the new Director.

Item VII – A chain affiliate is any free-standing health care facility that is either owned, controlled, or operated under lease or contract by an organization consisting of two or more free-standing health care facilities organized within or across State lines which is under the ownership or through any other device, control and direction of a common party. Chain affiliates include such facilities whether public, private, charitable or proprietary. They also include subsidiary organization and holding corporations.

DISCLOSURE OF OWNERSHIP AND CONTROL INTEREST STATEMENT

I. Identifying Information

Name of Entity D/B/A	CLIA No.	EIN	Telephone No. and Fax No.
Street Address	**City, County, State**		**Zip Code**

II. Answer the following questions by checking "Yes" or "No". If any of the question are answered "Yes", list names and addresses of individuals or corporations under Remarks on page 2. Identify each item number to be continued.

FOR CLIA PURPOSES

A. Are there any individuals or organizations having a direct or indirect ownership or control interest in the reporting entity that have been convicted of a criminal offense related to the involvement of such persons or organizations in any of the programs established by Titles XVIII, XIX, or XX?

☐ Yes ☐ No LB 2

B. Are there any directors, officers, agents, or managing employees of the reporting entity who have been convicted of a criminal offense related to their involvement in such programs established by Titles XVIII, XIX, or XX?

☐ Yes ☐ No LB 3

C. Are there any individuals currently employed by the reporting entity in a managerial, accounting, auditing, or similar capacity who were employed by the reporting entity's fiscal intermediary or carrier within the previous 12 months ?
(Title XVIII providers only)

☐ Yes ☐ No LB 4

III. (a) List names, addresses for individuals, or the EIN for organizations having direct or indirect ownership or a controlling interest in the entity. (See instructions for definition of ownership and controlling interest.) List any additional names and addresses under "Remarks" on Page 2. If more than one individual is reported and any of these persons are related to each other, this must be reported under Remarks.

GUIDELINES FOR COUNTING TESTS FOR CLIA

- For **histocompatibility**, each HLA typing (including disease associated antigens), HLA antibody screen, or HLA crossmatch is counted as one test.
- For **microbiology**, susceptibility testing is counted as one test per group of antibiotics used to determine sensitivity for one organism. Cultures are counted as one per specimen regardless of the extent of identification, number of organisms isolated and number of tests/procedures required for identification.
- Testing for allergens should be counted as one test per individual allergen.
- For **chemistry** profiles, each individual analyte is counted separately.
- For **urinalysis**, microscopic and macroscopic examinations, each count as one test. Macroscopics (dipsticks) are counted as one test regardless of the number of reagent pads on the strip.
- For **complete blood counts**, each **measured** individual analyte that is ordered **and reported** is counted separately. Differentials are counted as one test.
- Do not count calculations (e. g., A/G ratio, MCH, and T7), quality control, quality assurance and proficiency testing assays).
- For **immunohematology**, each ABO, Rh, antibody screen, crossmatch or antibody identification is counted as one test.
- For **histopathology**, each block (not slide) is counted as one test. Autopsy services are not included. For those laboratories that perform special stains on histology slides, the test volume is determined by adding the number of special stains performed on slides to the total number of specimen blocks prepared by the laboratory.
- For **cytology**, each slide (not case) is counted as one test for both Pap smears and nongynecologic cytology.
- For **cytogenetics**, the number of tests is determined by the number of specimen types processed on each patient; e.g., a bone marrow and a venous blood specimen received on one patient is counted as two tests.
